Letter from the Principal

To the Outstanding MHS Class of 2011:

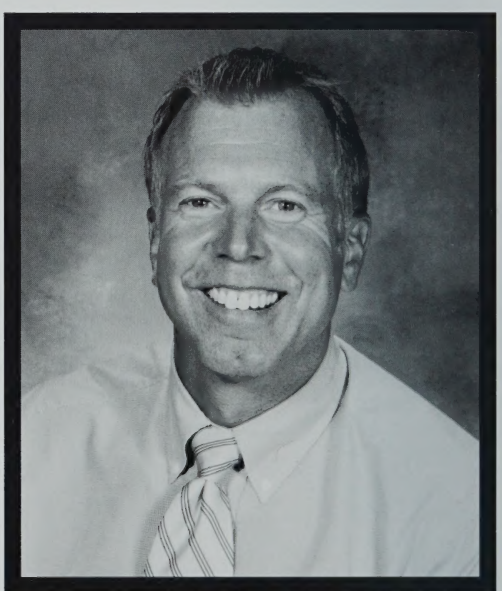
Wow. Do you believe that your first thirteen years of formal education are over? It truly went by in a blink of an eye. If you don't believe me, ask your parents!

I have been asked to write about what it takes to successfully survive high school. Seeing that you have just about made it to graduation, I think you already know what it takes. The fact of the matter is that high school is just a dress rehearsal for life. The same skills that made you successful at MHS will have the same results in college and life. Nonetheless, let me offer a few thoughts...

First off, set lofty goals for yourself. You always will need something for which to strive and you should never, ever limit yourself. Second, effort equals achievement. The harder you work in a focused and deliberate manner, the more you will accomplish. Third, always treat everyone with the dignity and respect they deserve. In most situations, respect and kindness will get you everywhere.

Those would be my "big three" for survival in the game of life. By no means is that list all-inclusive. If in doubt, you can always read Robert Fulgrum's All I Really Need to Know I Learned in Kindergarten, which is filled with truisms like this:

- **Play fair.**
- **Don't hit people.**
- **Put things back where you found them.**
- **Clean up your own mess.**
- **Don't take things that aren't yours.**
- **Say you're sorry when you hurt somebody.**
- **Wash your hands before you eat.**
- **Live a balanced life - learn some and think some and draw and paint and sing and dance and play and work every day some.**
- **When you go out in the world, watch out for traffic, hold hands and stick together.**



Wouldn't the world be a better place if we if we really lived these simple lessons everyday? We would be doing much more than surviving, that's for sure! All of you have unlimited potential: I have seen it first hand in witnessing the incredible academic, athletic, and extracurricular accomplishments of this fine class. Continue your journey of personal growth and don't just survive... be your absolute best!! Congratulations and Godspeed. Warmly,

Dr. Joseph Maruszczak, Principal

This book is dedicated to the Class of 2011 Advisers

Mrs. Mintz and Mrs. Buron

Over the past four years the class of 2011 has raised over $5,000 thanks to Mrs. Buron and Mrs. Mintz. They have helped the class plan numerous car washes, T-shirts sales, bake sales and fundraisers at restaurants. They have been instrumental in making the past four years eventful. The class of 2011 would like to dedicate the yearbook to these wonderful and dedicated teachers, advisers, friends.

Mrs. Buron and Mrs. Mintz,

We can't even begin to thank you enough. You both have been the best class advisers that we could ask for. The class of 2011 would like to thank you for all of your dedication these past four years. Without such caring advisers we would not have been as successful as we were. It was great to have people who cared and would help us without any hesitations. Our fundraisers were so prosperous thanks to the behind scene work from both of you. Again, Thanks. We can't say it enough.

Always,

Bridget, Mike, Noah, Erin

We would also like to thank *Mr. Dave Redding* for his dedication to preserving MHS memories by taking so many great photos at school events.

Performing Arts
taking the stage

Mansfield High School offers a variety of opportunities for students to perform. Bands, drama, orchestra, and choirs each work hard every year to put on productions like Cabaret, the Spring and Winter Concerts, the Fall Play, and the Spring Musical.

MHS BAND, PERCUSSION, AND COLOR GUARD

The past few years have been very successful for the Band, Percussion, and Color Guard at Mansfield High School. Every year the band represents Southeastern Massachusetts at the Big E in Springfield, MA. They have also had the opportunity to play at the Providence Bruins game, which was very exciting for everyone.

Volunteering

MHS gives back

Mansfield High School students are constantly giving back to the community through several outlets during the year. One popular way to give back is the Leaf Raking Project that happens every year on Veteran's Day. In addition to this, on Tuesday evenings, the Baptist Church hosts a soup kitchen which many students help out with. Other students volunteer through SSC, (Student Service Corps) but there are also other ways to get involved in helping the Mansfield community such as the Animal Shelter on Fruit Street where many students volunteer there either after school or dedicate their weekends to looking after the animals there.

Below: The high school students of Mansfield High school participate in the annual Relay for Life which is held on the track. The volunteers who walk in this are raising money to find a cure for cancer.

Fallon Finegan

"The Finegan family wants to thank everyone for the incredible support that has been shown to our family in Fallon's memory. Mansfield High's student body, faculty and coaching staff were so important to Fallon. Full of school spirit and enthusiasm, Fallon was a true Hornet. She never let CF stop her from playing basketball and soccer or from participating in countless school activities with her friends and classmates.

Fallon so loved being a part of Mansfield High and would be humbled to know that a scholarship has been established in her name. With that twinkle in her eye and infectious laugh she was a friend to all who knew her. We want everyone to take some comfort in knowing that every fundraiser or activity dedicated to her memory has surely been visited by her indomitable spirit.

Thank you all so much and may God bless you all."

Project Teammate

kids helping kids

Students in Project Teammate are paired up with a project teammate buddy. Together, they do activities such as helping around the school, collecting the recycling, and going on field trips together. On nice days the project teammate group goes outside to play games. They also participate in the Special Olympics together.

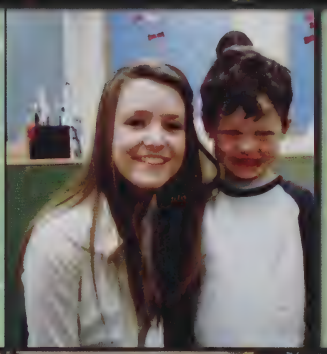
Tip #35:
Getting into the class is hard because it's such a popular choice among juniors and seniors, so make sure to send in your form A.S.A.P.!

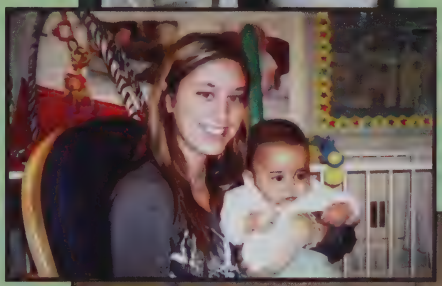
Child Development

learning wherever you look

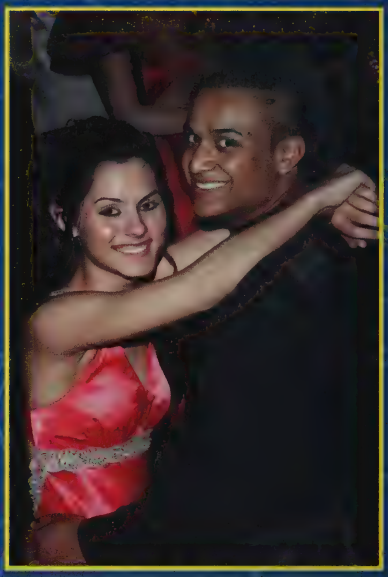
Students in Child Development class work with teachers and children, learning responsibility by helping them with everyday skills. The experience at Little Hornets helps students interested in education to see how children think and learn.

"Little Hornets is great practice for my future, "says senior, Marissa Sarnie." "This is great practice because it has only begun to teach me the concepts I need to know. Little Hornets made me realize what I wanted to do with the rest of my life.





Prom
enchanted evening



The 2010 Mansfield Prom was held at the Rhodes at the Pawtuxet in Providence, Rhode Island. Instead of the usual limos prom attendees took big, charter buses to get to the location. Once they arrived they agreed it was worth it and everyone had a wonderful night.

Trends

The 2010-2011 school year has been exciting and interesting. It's been full of surprises and awesome events throughout the town and school. The students, at Mansfield High School, are considered to be "technologically savvy" and "fashionable". But what does that mean actually? Everybody says that the best part of school is friends and the memories you share. Imagine 20 years from now when we look back exclaiming "What were we thinking?!" and "We actually wore that!" But the things we loved got us through the tough days at school. Just think where would you be if you didn't have your scrubs and Uggs? Or what about the Deli? Just about EVERY SINGLE PERSON in this town knows what The Deli is.

MANSFIELD DELI

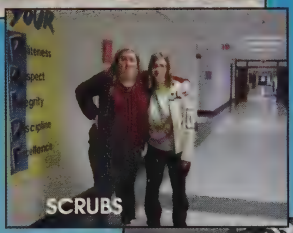
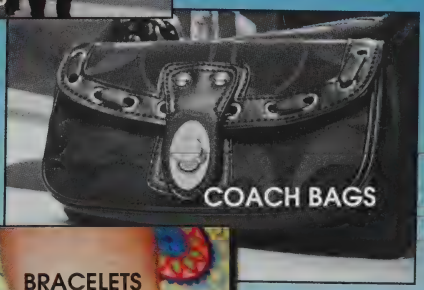
WAIST BELTS



SCRUBS

Everybody is surely ecstatic about the lovely new no bags rule. "No Vera Bradley! What will we ever do?"

There is one thing that everyone does, TEXT! But not in class. Your new blackberry might have to wait until after school, just not while driving your lovely Hyundai Sonata.



COACH BAGS

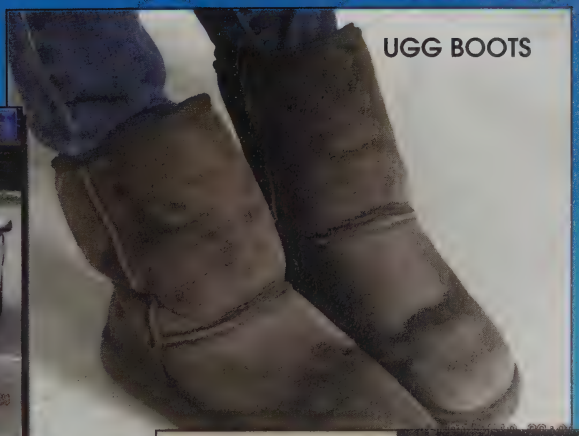
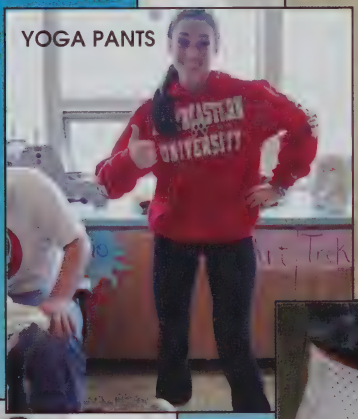
TIP #17

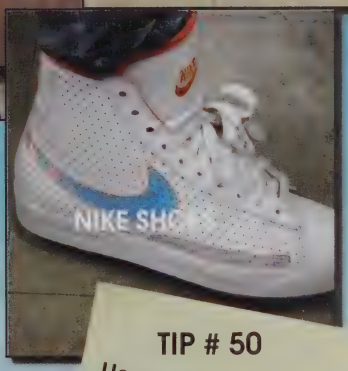
The best place serving subs and sandwiches in town is at The Deli, hands down.

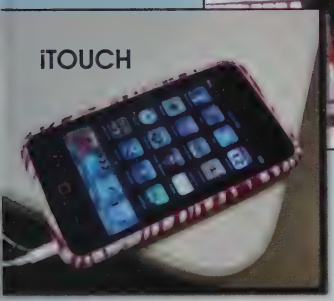
TIP #33

Scrubbin' it is the best way to go when you wake up late.









TIP # 50

Uggs are much needed during the cold days but generally October through April is the acceptable monthly range.

They say High school is for FINDING YOURSELF, I say High school is for CREATING YOURSELF. What can I say about my years at MHS? Freshman year and Dunkies. Facebook and Friends. At MHS I have met some people that I think will be close to me for some time. There are so many memories it's ridiculous. Going out of High school I will remember this one that I made up for my English class: "Work on what you love and let he who questions work on his answer." I will remember to always be who I am and no one else. To never let anyone say you can't do something. To always work hard and hope for the best. Had fun at MHS, but I'm peacin' out! Finish Line by Brian Barskdale: "We've come so far, the end is in view, and we look back, the past is behind you. We were kids, scared of what the future holds, we lived, loved, did what we were told. As time went by, our lives have changed, things were different, things were strange. We had ups, downs, and a hill to climb, this is why I wrote this rhyme. As I cross the finish line about to cry, I keep my head up, I look to the sky. I won't all my memories, locked up in my head, because now I can look to the future ahead." I will never forget the friends I've had and the laughs I've delivered and shared. Good luck, guys. GO CLEVELAND INDIANS!!! WHOO!!

What I remember about High School is all the great gym classes. Sophomore years American History Class with Nick,Eggrolls,Sean,Jimmy,and Cam. Even though I had fun classes my favorite time in High School is hockey season. I can't wait til December every year to go play hockey. I loved the whole atmosphere of the rink with all the kids from MHS in the stands cheering. It overall is the greatest feel to have people support you and your team and I'm not going to lie, I liked the occasional Genova Chant.

During Junior year Spanish, we spent two days watching "Shark Tale." In Spanish. I'm pretty sure a part of my soul died in that time.

Much love to all of those who have inspired, believed in, and accepted me. Whether I've known you for seven years or seven days, thanks. You make this town worthwhile. If you need to find me, always check the auditorium first. I credit Topanga and Lizzie for making me who I am today, and Rachel for putting it on television. I'm a firm believer that everything happens for a reason, and it will all make sense in the end. I say "shma" instead of real words, and use too many hand gestures. I sing in the hallway, and dance in the rain. I talk too loud, and smile too much. I like color-coding, and wearing dresses. I constantly over analyze and think aloud. I'll never stop dreaming, and I'll always dream bigger. My laugh is weird, but so am I. And if in the end we end up together, it's beautiful.

Two of my favorite memories are of English 9 with Mr. Deschenes acting out the books to put the book into less confusing words and English 11 with Mr.Fisher and being able to listen to music when we read silently. My fave quote is from Kung Fu Panda. "Yesterday is history, tomorrow is a mystery, but today is a gift that is why they call it the present" Shout outs go to Jill Linnfield, Kaitlyn Gutherie, Hayley Gowen, Olivia Johnson and Ali Perri. I want to thank you for your friendships. I do wish you all lots of success, you guys are awesome. Goodbye MHS. Last but not least thanks to the Study Skills teachers and others for prepping me for a bright future.

The SSC is a non-profit organization that involves many students using their unique abilities to help others. On Tuesdays some of the group members take trips to the Food Pantry in Mansfield to help stock shelves. The group members are required to have at least 3 hours of service per month and the SSC provides many opportunities for them to fulfill those needs.

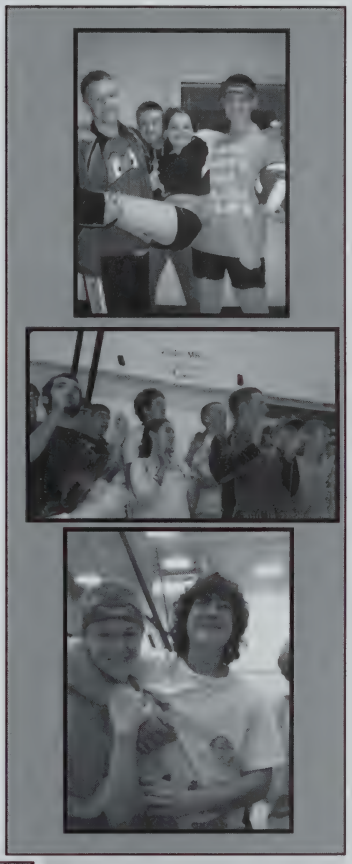
Captains 2010-2011

A captain is someone who shows outstanding leadership on and off the playing field. They are someone who is enthusiastic, dedicated, confident, and lead by example. A captain motivates their team and encourages everyone. They hold an honorable position as role models who have many responsibilities that they are expected to fulfill throughout their respected seasons.

volleyball superfans



The Mansfield Superfans is a dedicated group of high school boys and girls who follow the girl's volleyball team. They travel to nearly every home and away game no matter the distance never leaving their school spirit behind. The core Superfans come and support because they truly enjoy the game. Pat Maloney, a dedicated fan, says, "The common misconception is that we're here for girls with tight spandex...it's a perk, but we're really here for the love of the game."

Before every game they not only need to warm up their voices, but they need to mentally prepare. Maloney explains that one of their pre-game rituals is "limbering up" because "cheering for volleyball is not just a vocal matter; it's a matter of mind, body, and soul and we don't want to pull anything." This group of students has creatively come up with various chants and cheers that they yell unison that entertain the other fans while motivating the players. Their presence also can intimidate the opponents, which Mansfield uses to their advantage. Not only do the Superfans show their spirit through their voices, but they also dress the part, wearing green Mansfield Volleyball sweatbands for every game, as well as shirts and other costumes in support of the team.

The Volleyball team would like to thank all the Superfans this season for all of their support!

Tip # 13
Take a shot of honey when your throat is sore or dry from cheering...it really does the trick.

Your dreams stay big, and your worries stay small,

We hope you know somebody loves you, and wants the
same things too. ~Rascal Flatts~
